

## Antje Rößler "Love's Darknesses" original lyrics

**Love's Darknesses** (comp. and lyr. Antje Rößler)

I saw there lingering in darkness, sadly swimming in your eyes

Oh so many bright painful days, you've realized:

There's a place for me, I'm already free, don't you try to tell me how we should be

When we came down to see the madness here, I already knew where to go and find peace of mind, oh will you let me be

There's a place for me, I'm already free, don't you try to tell me how we should be

Where I reside there's room for both of us, If you're able to dwell in weightful soft, waves of bliss, these are love's darknesses

Come and care for my despair, come see love's darknesses

**Vardagsdröm** (comp. and lyr. Sanna Ruohoniemi)

Tystnad hämtar mig

Går stilla

utan

att leva

med varandra

Dröm söker väg

till dig

English translation:

Silence picks me up

Going still

without

to live

with each other

Dream seeks way

to you

**Goodbye Stockholm** (comp. Antje Rößeler, lyr. Sanna Ruohoniemi)

Deserted city sigh  
beyond the swirl of mind  
the sense of illusion  
by hold of confusion  
appraise for the lonesome  
by tender light  
another false de grain  
pour memories of in vain  
feel mind less of broken  
of hue all of sudden  
stroll through streets of old town  
with last embrace  
deserted city sigh  
beyond the swirl of mind  
the sense of illusion  
by hold of confusion  
bring memory so tender of last goodbye

**Walk or Fly** (comp. and lyr. Antje Rößeler)

And I saw  
there was no home  
all around my heart ohoo,  
and I kept searching  
flying around and feeling free  
Dada dada dadaa..  
Somebody said I should be walking,  
but I like to fly around - dada..  
I might never go back to the ground  
but do I really care?  
Give me a reason,  
show me you dare to hold me

**Liinan Laulu (Lina's Song)** (comp. Antje Röβeler, lyr. Sanna Ruohoniemi)

Kasvoja nään on ne vieraita  
aallot kun lyö taas rantaan  
Mä vaeltelen näillä mailla  
sua vain kaipaen salaa  
Lähtenyt oot viereltäni pois  
Tää hiljaisuus kuin tyhjyydestä sois  
En löydä mä maailmasta turvaa  
Sinun muistosi tuo lohdun, voiman antaa  
Katseeni luon ylös taivaaseen  
kun tarkkaan katselen  
tuon taivaankappaleen  
uuden nään syntyneen

English translation:

The faces I see are strangers  
When the waves crash again on the shore  
I wander these lands  
I only miss you in secret  
You're gone from my side  
The silence is as if from a void  
I can't find refuge in the world  
Your memory is my comfort and my strength  
I look up to the sky  
When I look closely  
That heavenly body I see a new one born

**Versteinerung** (comp. Antje Rößeler, lyr. Ute Strub)

**Prayer** (comp. and lyr. Antje Röβeler)

We are all the same,  
please let me stop judging,  
being afraid of myself,  
and feeling like a hero saying wise things.  
Oh let me stop thinking and make me cry.  
Wonderful connection,  
let me feel my deepest knowledge and trust,  
let me feel my guilt every day,  
it's my responsibility.  
Grow it stronger and smile heavily now  
My soul wants to get things right,  
but I'm also just a human  
so stop the pressure and make me flow.  
In my deepest knowledge I trust,  
let me feel the freedom of every day's choices for me.  
Grow it stronger and fly heavenly now
